## 6TH DISTRICT AMERICAN LEGION AUXILIARIES

### CONVENTION AT CHAMBER OF COMMERCE

ALL DAY SESSION THURSDAY TO  
BRING SEVENTY-FIVE  
DELEGATES

STATE ADJUTANT STAFFORD  
KING TO DELIVER  
ADDRESS

The Brainerd Ladies Auxiliary to the American Legion will be host to the summer convention of the Sixth District Auxiliary at an all-day session to be held at the Chamber of Commerce on Thursday, June 5th.

It is expected that at least seventy-five delegates from this district will be in attendance, and the local ladies have made elaborate plans for their entertainment. The district comprises the counties of Todd, Morrison, Wadena, Stearns, Benton, Cass, Beltrami, Crow Wing, Aitkin, Hubbard and Sherburne.

The convention opens at the Chamber of Commerce at nine o'clock with the registration of delegates. The program of the day is as follows:

9:30—Meeting of the executive board.  
10:00—Meeting of committees.  
11:00—Report from national convention, Mrs. G. W. Bowman.

11:30—Luncheon.  
1:00—Meeting called to order.  
Invocation—Rev. N. P. Olmsted.  
State song.  
Preamble to the constitution, Mrs. Amos Maghan.

Address of Welcome, Mrs. W. S. Orne, president of the Brainerd Auxiliary.

Reading of Call, Mrs. Bailey, district secretary.

Address, Mrs. E. A. Lewis, state executive member.

Roll call of officers.  
Roll call of units.  
Report of credential committee.

Report of constitution committee.  
Election of officers.  
Choosing next meeting place.

Song, Star Spangled Banner.  
6:00—Adjournment.  
7:00—Dinner.

The dinner will be held at the Chamber of Commerce, with Al Beaver as caterer. Following the dinner this program will be carried out, with Walter F. Wieland as toastmaster:

Vocal solo, A. C. Mraz, Mrs. W. F. Wieland, accompanist.

Reading, Iva Gaskill.  
Violin solo, Miss Alice Johnstone.  
Miss Elizabeth Johnstone, accompanist.

Vocal solo, Dr. G. I. Badeaux, accompanied by Mrs. W. F. Wieland.  
Address, Stafford King, State Adjutant, American Legion.

The American Legion and others who are interested in the Auxiliary are invited to the program that follows the dinner, and which it is expected will begin at eight o'clock. Stafford King, who will address the gathering is well known in Brainerd, and will bring a message that should be of interest to all.

Owatonna, June 4.—Farmers from all southern Minnesota counties joined today in a tour of the so-called statistical route, visiting farms on which agricultural production costs are being studied.

### POSSES SEEKING HIGHWAY ROBBERS

CLAIM TO HAVE TERRORIZED  
MOTORISTS NEAR ROCK-  
FORD, ILL.

(By United Press)  
Rockford, Ill., June 4.—With two members of a gang of highway robbers which has terrorized motorists in this vicinity for the past three weeks already under arrest, deputy sheriffs today were guarding country roads in Winnebago and Stephenson counties in an effort to apprehend the other members.

Information that highway robbers had staged several daylight holdups led county authorities to throw out special posses of guards.

### BROOKHART WINS OVER SWEET IN IOWA PRIMARY

(By United Press)  
Des Moines, Ia., June 4.—United States Senator Smith W. Brookhart defeated Burton E. Sweet, for the Republican senatorial nomination in Iowa on the face of nearly completed returns from Monday's primary election. Brookhart early today had pulled away from Sweet to a majority of more than 30,000 votes.

### SUBSTITUTE FARM RELIEF LAW PLANNED

TO TAKE THE PLACE OF DEFEATED McNARY-HAUGEN BILL

HOUSE REPUBLICAN LEADERS  
PRESENT IT TO PRESIDENT  
COOLIDGE

(By United Press)  
Washington, June 4.—House republican leaders today laid before President Coolidge a substitute farm relief measure to take the place of the defeated McNary-Haugen bill, on which they asked an opinion.

If the president indicates he will approve the bill they will rush it through both houses; if he does not like it they will drop it.

The new measure, drafted after the defeat of the McNary-Haugen bill, would utilize resources of the War Finance corporation to finance expert marketing of farm product surpluses.

Representative Longworthy, republican floor leader, of Tincher of Kansas, Sanders, Indiana, took the draft to the White House. They will await the president's opinion, promised late today, before acting.

### SHOT BY HIS WIFE IN NIGHTMARE

(By United Press)  
Superior, Wis., June 4.—James Howland, shot by his wife while he slept, was still in a serious condition here today.

The distracted wife said she shot him in a nightmare, taking the revolver from beneath her pillow. The shot awakened her, she said, and she at once called the authorities. The bullet penetrated his lungs.

### BILLY SUNDAY ON WAY HOME

PASSED THROUGH CHICAGO EN  
ROUTE TO WINONA,  
IND.

(By United Press)  
Chicago, June 4.—Rev. William A. "Billy" Sunday, noted evangelist, passed through Chicago today en route to his home at Winona, Ind.

Sunday just returned from Rochester where he was under treatment at Mayo hospital. He said he was "much better."

"I'm fit again and ready to fight the good fight," Sunday said, the famous Sunday smile appearing for the first time since he was stricken in Memphis, Tenn.

The smile disappeared, however, when he was questioned regarding the Franks' murder case. The fist that has banged in front of many audiences was brought down on the table.

"If they are guilty they should hang," he said emphatically. "I have no sympathy for either of them. 'Precocious brains—salacious books—inferior minds—all these help to produce murderers. Remember that purity of heart must keep pace with the growth of the intellect. The soul is more important than the mind."

### HARRY DAUGHERTY REFUSES TO COME BEFORE COMMITTEE

CLAIM SENATE INVESTIGATING  
COMMITTEE HAS NO AUTHORITY TO PROBE

BASES CONTENTION ON RECENT  
DECISION OF JUDGE COCH-  
RAN

(By United Press)

**Congress Today**  
Senate: Test vote on Muscle Shoals report.  
House: Considers routine bills.

Washington, June 4.—Harry M. Daugherty, former attorney general, today refused to appear before the senate investigating committee on the ground it was without authority to conduct the investigation.

Daugherty's refusal to face his accusers was made in a letter to Chairman Brookhart read by Paul B. Howland, his attorney.

Daugherty based his refusal to appear on the decision of Judge Cochran in the habeas corpus case of Mal S. Daugherty, brother of the former attorney general.

A sweeping denial of any "illegal, corrupt or unethical" conduct as attorney general was made by Daugherty in his letter.

Former Atty. General Daugherty declared he believed the committee was engaged in a "desperate attempt" to blacken his character and notified the committee that after today he would no longer permit his counsel to attend hearings for him.

**CONGRESS SOON TO  
END ITS LABORS**

Washington, June 4.—Congress today settled down to dispose of a few contentious issues, pass necessary appropriation bills and then scatter to the country Saturday night.

The senate having concurred in the house resolution to adjourn at 7 p. m. June 7, during the next four days probably will engage in a test vote on Muscle Shoals question, take up the \$150,000,000 naval construction program, pass one or two appropriation bills and dispose of whatever the house sends it.

The house has before it only an appropriation bill, a reclamation bill recommended by the department of the interior which may be attached as a rider to the appropriation and the possible addition of a substitute farm relief bill which farm bloc leaders have agreed on to replace the defeated McNary-Haugen bill. The LaFollette group in the senate, defeated in its move to hold congress in session during the summer to act on its program of progressive legislation, will filibuster to gain time for their measure in the last four days of the week.

**DEFER ACTION ON  
MUSCLE SHOALS**

Washington, June 4.—Supporters of Henry Ford's offer for Muscle Shoals, Chairman Norris of the senate agricultural committee and senate leaders agreed today upon a proposal to defer action on Muscle Shoals until the December session of congress.

### SHENANDOAH FLOATED AIMLESSLY 4 HOURS IN FOG

(By United Press)

Lakehurst, N. J., June 4.—After having floated aimlessly for four hours in a fog between Trenton and the naval air base here, the big dirigible Shenandoah was placed in its hangar at 8 a. m. today. It was the fourth attempt to land the huge naval air craft, three others failing because the dirigible had become light through using so much fuel in its flight over New York and Pennsylvania Tuesday.

### 2 YANKEE FLIERS CROSS EAST CHINA SEA SUCCESSFULLY

(By United Press)

Shanghai, China, June 4.—Two of the three American round the world planes flew successfully across the East China Sea from Japan to China today. The third plane, that of Lieut. Lowell Smith, commander of the flight, failed to take off satisfactorily and was forced to remain at Shigotomi, Japan.

Lieuts. Leigh Wade and Erik Nelson, after hovering a while to await their commander, flew on from Kagoshima and arrived at Shanghai today.

The American consul is understood to have sent an engineer to provide Lieut. Smith with all possible assistance in making necessary repairs to his plane and it was hoped the flight commander would catch up with his comrades here tomorrow.

### DESCRIBED AS MOST SUCCESSFUL FLIGHT

Shanghai, June 4.—Lieut. Nelson described the flight from Kagoshima as the most successful since they left Santa Monica, Calif., on the first leg of their world flight.

"Landing places were perfect," he said, "and going across the China sea we saw destroyers every 50 miles. Everything was certainly arranged nicely for us."

Nelson said he and Lieut. Wade waited at Kagoshima for an hour for Lieut. Smith's arrival from Shigotomi and then received the signal to depart.

Lieut. Smith will leave Shigotomi tomorrow, according to word received here by the Japanese consul from his government today. The two fliers, now here, will await his arrival. They will be guests at the charity ball given by the American Women's club.

### PAINLEVE HEADS FRENCH CHAMBER OF DEPUTIES

**ELECTION WAS A FOREGONE  
CONCLUSION**

**SOCIALISTS NAMED HIM OVER  
GENERAL  
MAGINOT**

(By United Press)  
Paris, June 4.—Former Premier Painleve, pacemaker of the parties of the left, was elected president of the French chamber of deputies today.

Although Painleve's election was a foregone conclusion, owing to the left holding a majority of seats, the contest proved close.

The socialists elected him 296 to 209 over General Maginot, candidate of the Black Nationalists. Marty, president of the communists, received 25 votes.

### U. S. TAX IN STATE CUT TWO MILLION

**MINNESOTANS TO GET \$257,000  
REFUND UNDER MEASURE  
COOLIDGE SIGNED**

St. Paul, June 4.—The cut of 25 per cent in the federal income tax will save Minnesota taxpayers \$2,257,000 this year.

This is according to figures compiled today by the office of H. M. Willcuts, federal district internal revenue collector.

Those who have been making their 1923 income tax payments in quarterly installments so far this year will be saved \$2,033,000, according to the figures.

And to those who paid in full at once on or before March 15, the government will have to refund \$257,000.

### INSANITY PLEA WILL BE URGED BY THE DEFENSE

ALIENISTS AND PSYCHIATRISTS  
TO BE CALLED BY ATTY.  
DARROW

SEEK TO SAVE YOUNG SLAYERS  
LEOPOLD AND LOEB, FROM  
DEATH PENALTY

(By United Press)

Chicago, June 4.—The defense of Nathan Leopold, Jr., and Richard Loeb, youthful millionaire slayers of Robert Franks, himself the son of a millionaire, will be a plea of insanity.

Alienists and psychiatrists will be called to give their expert opinions that the boys were suffering from diseased minds and were entirely irresponsible for the slaying of the 14-year old school boy.

The defense, headed by Clarence Darrow, famous attorney, believes that if the state presses its charges in attempting to connect the student murderers with additional crimes including the murder of Freeman Louis Tracy, their fellow-student at the University of Chicago and the mutilation of Charles Ream, chauffeur, it will only prove their contention that the boys are insane and committed the acts because of diseased and abnormal mentalities.

The defense will endeavor to show that the 19-year old students committed the Franks' crime and any other of which they may be guilty without motives whenever fits of insanity suggested such acts.

**No Expense to be Spared**  
Darrow has made it clear that no expense will be spared to save the boys from the gallows.

All of the combined fortunes of the Leopold and Loeb families, more than \$15,000,000, has been placed at his disposal and he is ready for the greatest court fight of his long career.

One of the most important links in the chain of evidence against Leopold and Loeb was welded today when W. D. McNally, coroner's physician, announced that human blood had been found on the clothing worn by the two boys. Blood was also found on the floor mat of the rented automobile.

**Human Blood Stains**  
"This evidence," Crowe pointed out, "is very important and will be used strongly in our case."

Crowe indicated some fear that the signed confession of Leopold and Loeb might be thrown out in the murder trial and is making every effort to accumulate sufficient evidence to convict them should this happen.

Announcement that Leopold might attempt suicide today caused Sheriff Peter M. Hoffman to double the guard around them.

Every article brought into the cells where the boys are held is being examined to prevent delivery of weapons or poison of any kind. Two guards are stationed before each cell. Both Leopold and Loeb expressed the desire to commit suicide should they be convicted of murder.

**Shudder at Execution**  
"I shudder at the thought of being executed," Leopold said, his proud air returning after one day behind prison bars.

"I would greatly prefer to end my own life if I must lose it."

To Leopold, boastful of the killing until his comrade confessed and implicated him, suicide would be more satisfactory than hanging.

The two boys, both 19, who admitted that they killed young Franks "just for the fun of it," were slowly adjusting themselves to prison routine. Leopold found more difficulty in mingling with the other prisoners than did Loeb.

"That guy thinks he's too good for us guys. He better lay off that ritz stuff," one of the prisoners, a bandit, said concerning Leopold.

Loeb, always the softer of the two, found himself more in the favor of his cellmates. He asked for regular

### MORTALITY RECORDS OF BREEZY POINT ZOO, BIRTHS AHEAD

Breezy Point Lodge, June 4.—Latest mortality records at the zoo indicate that the births are a lap ahead. One of the bears broke through the cage fence and got killed last week. That was one death.

Two baby deer arrived Monday morning in the deer section. They are perfect deers, and the whole countryside is flocking to see them. This leaves the births ahead in the vital statistics race.

### TO ARREST MEN CHARGED WITH STARTING FIRES

FOREST FIRE ON MANITOU RIV-  
ER LAID AT DOOR OF  
FIVE MEN

BRUSH AND TIMBER FIRES RAGE  
IN THREE NORTHERN  
COUNTIES

(By United Press)

Duluth, Minn., June 4.—Warrants will be served late today on five men accused of starting a forest fire on Manitou river on the north shore, which has already destroyed more than 1200 acres of fine timber.

Forestry officials have started a campaign against those responsible for starting fires and scores of arrests of campers and fishermen are expected.

There are a large number of brush and timber fires burning over St. Louis, Carlton and Koochiching counties, 75 per cent of which have been started by careless campers, rangers declare. There are several severe fires in the vicinity of Carlton and Cloquet.

James and Albert Hart, J. A. and Earl Schumaker and Robert Armstrong are accused in the warrants issued here of starting fires on the bank of the Manitou, one of the finest trout streams in the north country.

Timber sections are very dry, and while there is not much vegetation, fire will spread rapidly wherever started, according to Ranger C. S. Lind. The only hope is a drenching rain, he said.

The savings from a railway amalgamation in Great Britain have been put at \$125,000,000 a year.

### TREAS. UPHAM TO RESIGN SOON

ILL HEALTH CAUSES ACTION OF  
G. O. P. NATIONAL COMMIT-  
TEE OFFICIAL

(By United Press)

Cleveland, O., June 4.—Frank W. Upham, treasurer of the Republican national committee, will resign soon because of ill health, William M. Butler, pre-convention manager of President Coolidge's campaign, announced here today after a conference with Upham.

Butler also announced that Mrs. Florence C. Porter of Pasadena, Calif., first woman to vote in a Republican national convention, will second the nomination of President Coolidge at the convention.

Delegates for the Republican convention came here today before the Republican committee. There were many in the last three days. Eight districts will be heard from Arkansas, Pennsylvania, South Carolina, Mississippi, Tennessee, Texas, the District of Columbia and Porto Rico.

Cleveland burst into red, white and blue for the opening function in connection with getting the convention under way. Flags and bunting draped many store fronts in downtown districts. Hundreds of advance convention visitors and newspapermen thronged through the town.

### PRETTY ACTRESS IS NOW BRIDE OF SWEDISH COUNT

LOVE AT FIRST SIGHT, BOTH ARE  
AGREED AS TO  
THAT

BRIDEGROOM IS 6 FEET 3 INCHES  
IN HEIGHT, IMMACULATE IN  
APPEARANCE

New York, June 4.—"This is my first real marriage—and my last. Oh, at last I'm in love," Peggy Hopkins Joyce smiled upon her new and fourth husband, Count Gotha Morner of Sweden.

For pretty Peggy, for want of whose love men have killed themselves and whose priceless jewelry and millionaire husbands and fascinating smiles have long been the sensation of two continents, has married again.

"This time for love," the actress said happily. "Love at first sight."

Peggy's new husband is descended from an old noble house of Sweden, but he is a young, strapping business man, six feet three, immaculate in appearance. He is 24 years of age.

In signing the register in the Swedish Lutheran church at Atlantic City last week Peggy gave her age as 28. The stage which Peggy has graced for many years will know her no more. The new husband goes to Paris in the fall—for a rest, the count explained—then Sweden and the baronial halls among the fjords where a parental blessing awaits them.

Peggy Joyce had always contended she would never marry again, and if she did the next one would be poor. But the count is a business man and president of the Stomatol company of Chicago, which manufactures tooth paste.

The bride's flashing smile would have made a wonderful ad for the count's company. She confessed that they had known each other for only a month. The count returned from a visit to his home town in Sweden with a note of introduction to Peggy. "And it was love at first sight," they both agreed.

### FEDERATION HEAD SEES MUCH DONE, BUT MORE TO DO

Los Angeles, Calif., June 4.—Mrs. Thomas G. Winter of Minneapolis, Minn., president of the Federation of Women's Clubs, made her report to the convention today. For four years Mrs. Winter has been the official head of the 2,500,000 women members of the organization. She retires after the present session.

The four years just ended, Mrs. Winter said made the following contributions to Federation life:

1. The closer relation of state officers to each other and to the General Federation.

2. The increase in number of clubs in direct membership from two thousand to five thousand.

3. The movement toward universal membership made actual in fourteen states.

4. The reorganization of department work.

5. The democracy of the free news bulletin.

6. The purchase and equipping of headquarters.

7. Junior membership, organization and club institutes.

After reviewing in detail the accomplishments of the organization in its four years of her administration, Mrs. Winter concluded:

"But these contacts with things that are going on all over the country reflects back in a renewed confidence in the vital forces and in our own dominating influence, our potency if we choose to avail ourselves of our chances for greatness."

"So the administration of 1920 to 1924 bequeaths to 1924 to 1926 a problem rather than an accomplishment, but a problem with a mighty hope. We have been only a push-off. May 1924 to 1928 fly where we have plodded!"

Chicago, June 4.—The defense of Nathan Leopold, Jr., and Richard Loeb, youthful millionaire slayers of Robert Franks, himself the son of a millionaire, will be a plea of insanity.

Alienists and psychiatrists will be called to give their expert opinions that the boys were suffering from diseased minds and were entirely irresponsible for the slaying of the 14-year old school boy.

The defense, headed by Clarence Darrow, famous attorney, believes that if the state presses its charges in attempting to connect the student murderers with additional crimes including the murder of Freeman Louis Tracy, their fellow-student at the University of Chicago and the mutilation of Charles Ream, chauffeur, it will only prove their contention that the boys are insane and committed the acts because of diseased and abnormal mentalities. The defense will endeavor to show that the 19-year old students committed the Franks' crime and any other of which they may be guilty without motives whenever fits of insanity suggested such acts.

No Expense to be Spared  
Darrow has made it clear that no expense will be spared to save the boys from the gallows.

All of the combined fortunes of the Leopold and Loeb families, more than \$15,000,000, has been placed at his disposal and he is ready for the greatest court fight of his long career.

One of the most important links in the chain of evidence against Leopold and Loeb was welded today when W. D. McNally, coroner's physician, announced that human blood had been found on the clothing worn by the two boys. Blood was also found on the floor mat of the rented automobile.

Human Blood Stains  
"This evidence," Crowe pointed out, "is very important and will be used strongly in our case."

Crowe indicated some fear that the signed confession of Leopold and Loeb might be thrown out in the murder trial and is making every effort to accumulate sufficient evidence to convict them should this happen.

Announcement that Leopold might attempt suicide today caused Sheriff Peter M. Hoffman to double the guard around them.

Every article brought into the cells where the boys are held is being examined to prevent delivery of weapons or poison of any kind. Two guards are stationed before each cell. Both Leopold and Loeb expressed the desire to commit suicide should they be convicted of murder.

Shudder at Execution  
"I shudder at the thought of being executed," Leopold said, "my proud air returning after one day behind prison bars."

"I would greatly prefer to end my own life if I must lose it."

To Leopold, boastful of the killing until his comrade confessed and implicated him, suicide would be more satisfactory than hanging. The two boys, both 19, who admitted that they killed young Franks "just for the fun of it," were slowly adjusting themselves to prison routine. Leopold found more difficulty in mingling with the other prisoners than did Loeb.

"That guy thinks he's too good for us guys. He better lay off that ritzie stuff," one of the prisoners, a bandit, said concerning Leopold.

Loeb, always the softer of the two, found himself more in the favor of his cellmates. He asked for regular (Continued on Page 5)

### MORTALITY RECORDS OF BREEZY POINT ZOO, BIRTHS AHEAD

Breezy Point Lodge, June 4.—Latest mortality records at the zoo indicate that the births are a lap ahead. One of the bears broke through the cage fence and got killed last week. That was one death.

Twin baby deer arrived Monday morning in the deer section. They are perfect deers, and the whole countryside is flocking to see them. This leaves the births ahead in the vital statistics race.

### TO ARREST MEN CHARGED WITH STARTING FIRES

FOREST FIRE ON MANITOU RIVER  
LAI D AD MIT OF  
FIVE MEN

BRUSH AND TIMBER FIRES RAGE  
IN THREE NORTHERN  
COUNTIES

(By United Press)

Duluth, Minn., June 4.—Warrants will be served late today on five men accused of starting a forest fire on Manitou river on the north shore, which has already destroyed more than 1200 acres of fine timber.

Forestry officials have started a campaign against those responsible for starting fires and scores of arrests of campers and fishermen are expected.

There are a large number of brush and timber fires burning over St. Louis, Carlton and Koochiching counties, 75 per cent of which have been started by careless campers, rangers declare. There are several severe fires in the vicinity of Carlton and Cloquet.

James and Albert Hart, J. A. and Earl Schumaker and Robert Armstrong are accused in the warrants issued here of starting fires on the bank of the Manitou, one of the finest trout streams in the north country.

Timber sections are very dry, and while there is not much vegetation, fire will spread rapidly wherever started, according to Ranger C. S. Lind. The only hope is a drenching rain, he said.

The savings from a railway amalgamation in Great Britain have been put at \$125,000,000 a year.

### TREAS. UPHAM TO RESIGN SOON

ILL HEALTH CAUSES ACTION OF  
G. O. P. NATIONAL COMMITTEE OFFICIAL

(By United Press)

Cleveland, O., June 4.—Frank W. Upham, treasurer of the Republican national committee, will resign soon because of ill health, William M. Butler, pre-convention manager of President Coolidge's campaign, announced here today after a conference with Upham.

Butler also announced that Mrs. Florence C. Porter of Pasadena, Calif., first woman to vote in a Republican national convention, will second the nomination of President Coolidge at the convention.

Delegates to the Republican convention came here today before the Republican committee. There were many in the last three days. Eight districts will be heard from Arkansas, Pennsylvania, South Carolina, Mississippi, Tennessee, Texas, the District of Columbia and Porto Rico.

Cleveland burst into red, white and blue for the opening function in connection with getting the convention under way. Flags and bunting draped many store fronts in downtown districts. Hundreds of advance convention visitors and newspapermen thronged through the town.

### PRETTY ACTRESS IS NOW BRIDE OF SWEDISH COUNT

LOVE AT FIRST SIGHT, BOTH ARE  
AGREED AS TO  
THAT

BRIDEGROOM IS 6 FEET 3 INCHES  
IN HEIGHT, IMMACULATE IN  
APPEARANCE

New York, June 4.—"This is my first real marriage—and my last. Oh, at last I'm in love," Peggy Hopkins Joyce smiled upon her new and fourth husband, Count Gotha Morner of Sweden.

For pretty Peggy, for want of whose love men have killed themselves and whose priceless jewelry and millionaire husbands and fascinating smiles have long been the sensation of two continents, has married again.

"This time for love," the actress said happily. "Love at first sight."

Peggy's new husband is descended from an old noble house of Sweden, but he is a young, strapping business man, six feet three, immaculate in appearance. He is 24 years of age. In signing the register in the Swedish Lutheran church at Atlantic City last week Peggy gave her age as 28.

The stage which Peggy has graced for many years will know her no more. The new husband goes to Paris in the fall—for a rest, the count explained—then Sweden and the baronial halls among the fjords where a parental blessing was given them.

Peggy Joyce had always come close to marriage, but she would never marry again, and if she did the next one would be poor. But the count is a business man and president of the Stomatol company of Chicago, which manufactures tooth paste.

The bride's flashing smile would have made a wonderful ad for the count's company. She confessed that they had known each other for only a month. The count returned from a visit to his home town in Sweden with a note of introduction to Peggy. "And it was love at first sight," they both agreed.

### FEDERATION HEAD SEES MUCH DONE BUT MORE TO DO

Los Angeles, Calif., June 4.—Mrs. Thomas G. Winter of Minneapolis, Minn., president of the Federation of Women's Clubs, made her report to the convention today. For four years Mrs. Winter has been the official head of the 2,500,000 women members of the organization. She retires after the present session. The four years just ended, Mrs. Winter said made the following contributions to Federation life:

1. The closer relation of state officers to each other and to the General Federation.
2. The increase in number of clubs in direct membership from two thousand to five thousand.
3. The movement toward universal membership made actual in fourteen states.
4. The reorganization of department work.
5. The democracy of the free news bulletin.
6. The purchase and equipping of headquarters.
7. Junior membership, organization and club institutes.

After reviewing in detail the accomplishments of the organization in its four years of her administration, Mrs. Winter concluded:

"But these contacts with things that are going on all over the country reflects back in a renewed confidence in the vital forces and in our own dominating influence, our potency if we choose to avail ourselves of our chances for greatness."

"So the administration of 1920 to 1924 bequeaths to 1924 to 1926 a problem rather than an accomplishment, but a problem with a mighty hope. We have been only a push-off. May 1924 to 1928 fly where we have plodded!"

Mrs. E. E. Thompson, nee Ruth Edna Allen Died in Sioux Falls Hospital

Ruth Edna Allen who died in Sioux Falls, taught in the Harrison school of Brainerd in 1917 and 1918 and made her home with Mr. and Mrs. W. F. Dieckhaus. Her many friends will be sorry to learn of her death.

This obituary was published in a Sioux Falls paper:

Ruth Edna Allen, daughter of Mr. and Mrs. J. W. Allen, of this city, was born March 8, 1891, at the farm home near De Smet, and died May 7, 1924, at a hospital in Sioux Falls from a complication of illness.

She was married to E. E. Thompson on September 24, 1919, to which union two children were born, now aged two and a half and three and a half years.

In 1910 she graduated from De Smet high school. She taught a country school for one year and then attended the Madison normal school from which she graduated in 1913. She also took some work at State college, after which she taught school until her marriage.

The deceased was a woman of high character, one admired and loved by all who came in contact with her. As a wife and mother, she was everything that a woman should be.

During her married life Mr. Thompson has been at the head of a high school, with the exception of one year. They were residing at Hartford, this state, at the time of her death.

Funeral services were conducted at the Congregational church in this city Friday afternoon and interment made in the De Smet cemetery.

Old American Fort

The fort known as Chief Menteur has figured fairly extensively in Louisiana history. In regard to the naming of the fort, the following legend is told: The Choctaws were conspicuous for their love of truth, but one of the chiefs was known to prevaricate frequently. He was exiled and settled on an isthmus projecting into Lake Pontchartrain, which therefore was called "Chief Menteur," which is French for "Lying Chief."

## FORMER BRAINERD TEACHER

Mrs. E. E. Thompson, nee Ruth Edna Allen Died in Sioux Falls Hospital

Ruth Edna Allen who died in Sioux Falls, taught in the Harrison school of Brainerd in 1917 and 1918 and made her home with Mr. and Mrs. W. F. Dieckhaus. Her many friends will be sorry to learn of her death.

This obituary was published in a Sioux Falls paper:

Ruth Edna Allen, daughter of Mr. and Mrs. J. W. Allen, of this city, was born March 8, 1891, at the farm home near De Smet, and died May 7, 1924, at a hospital in Sioux Falls from a complication of illness.

She was married to E. E. Thompson on September 24, 1919, to which union two children were born, now aged two and a half and three and a half years.

In 1910 she graduated from De Smet high school. She taught a country school for one year and then attended the Madison normal school from which she graduated in 1913. She also took some work at State college, after which she taught school until her marriage.

The deceased was a woman of high character, one admired and loved by all who came in contact with her. As a wife and mother, she was everything that a woman should be.

During her married life Mr. Thompson has been at the head of a high school, with the exception of one year. They were residing at Hartford, this state, at the time of her death.

Funeral services were conducted at the Congregational church in this city Friday afternoon and interment made in the De Smet cemetery.

## Old American Fort

The fort known as Chef Menteur has figured fairly extensively in Louisiana history. In regard to the naming of the fort, the following legend is told: The Choctaws were conspicuous for their love of truth, but one of the chiefs was known to prevaricate frequently. He was exiled and settled on an isthmus projecting into Lake Pontchartrain, which therefore was called "Chef Menteur" which is French for "Lying Chief."

## Old Idea Wrong

Whoever said a woman cannot drive a nail is wrong; nearly 200 women carpenters, as shown by the latest United States census, give the lie to that myth.

## ELKS PICNIC

## AND FLAG DAY

Annual All Day Event Will be Observed at Breezy Point Lodge on Sunday, June 15

## IN A BEAUTIFUL GROVE

Flag Exercises Come at 11 A. M., Baseball Game Elks vs Pequot at Pequot Fair Grounds

Brainerd Elks lodge, No. 615, will hold its annual picnic and flag day exercises at Breezy Point Lodge on Sunday, June 15, and all Elks, their families and friends are cordially invited to attend the same in the grove near the cottages.

The program of the day is in the hands of the house and social committee of the lodge and the officers and will follow this tentative schedule:

11 A. M.—The Flag exercises. "Star Spangled Banner" led by Elks quartet and assemblage joining in.

Introductory exercises, by Exalted Ruler Dr. A. K. Cohen and officers. Prayer by Chaplain R. R. Gould. Song by Elks quartet.

"History of the Flag," by Past Exalted Ruler J. J. Nolan.

"Tribute to the Flag," by Hon. Edward P. Scallan of Crosby.

Altar service by Esquire and officers.

Song by Elks quartet, "Auld Lang Syne."

Closing song "America" led by Elks quartet and assemblage joining in.

## Picnic Lunch

The picnic luncheon will follow. Tables and benches have been provided by Mrs. W. H. Fawcett. A water wagon will bring in spring water. A tent will shelter the soft drinks and ice cream stand. A kerosene stove will enable one to quickly cook coffee.

Four boats will be available for those who may wish to go fishing. In order to permit as many to use the boats as possible, they will be limited as to use, A. E. Broman being in charge of same.

Rest rooms have been provided.

## Baseball Game

The baseball game between the Elks All Star team and the Pequot nine will be played at 2:30 o'clock on the Pequot fairgrounds. The Elks team is in charge of Andy Smraker and Norman Ziebell. It is a no pickup team, but one which has practiced faithfully and is equipped with new uniforms and the best of paraphernalia.

The game is for blood, the winner getting \$25, and the losing team \$15.

Picnickers will then journey back to Breezy Point and partake of their supper picnic lunch.

The Breezy Point cafe is open both noon and evening and those who wish meals may purchase them there.

## Evening Amusements

From 7:30 to 10:30 the Mitzi orchestra will entertain in the pavilion and large crowds are expected there too.

## Road Instructions

There will be two guides at the Breezy Point entrance and road leading to the picnic ground to guide picnickers to their destination.

In case of rain, the exercises will be held at the pavilion instead of the picnic grounds.

## Red Frog Valued

Emitting a croak of great volume, a bright red frog has been found in the jungles of British Guiana by scientists from the New York Zoological society. The scarlet animal, it is reported, is regarded as a charm by some tropical natives. When one is caught, it is cut into as many pieces as there are warriors in the village. Each man then rubs his part over the points of his arrows in the belief that this practice will assure his weapon perfect aim.—Popular Mechanics Magazine.

## LOVELY GOWNS AT LOW COST, CAN BE MADE AT HOME

By HEDDA FROTT  
Fashion Editor of the United Press  
New York, N. Y., June 4.—  
Mary, Mary quite contrary.  
How does your Summer wardrobe go?

"Silken mulls, chiffons, tulles, and five little gingham hung in a row!"

If a late spring means a warm summer, we will see the summer girl arrayed in sheer summery frocks this year. Shops are showing numerous frocks of voile, linen, cotton crepe and gingham at present, in prediction of warm weather. Piece goods counters are lined with women purchasing cotton materials for home dressmaking.

Among the fascinating ready-made wash frocks there are none lovelier than the hand-hemstitched voiles, which, though simple, are lovely enough to be worn for almost any occasion. Powder blue is one of the new colors which is particularly lovely in voile. Yellow is likewise a good voile color and pink, of course, is always popular.

Most of the ready-made voile frocks are simple chemise types, unbelted and worn with a narrow sash at a low waistline. Skirts are usually hem-stitched in wide border effect and some of the most costly models are embroidered as well as hem-stitched. The upper portion of the voile frock is generally simple and with very little hemstitching. Sleeves are short, extending just over the shoulder. One can purchase such frocks in almost any shop for ten or twelve dollars.

## The Home-Dressmaker

The home-dressmaker has a wide selection of voiles for her selection. There are skirt lengths of hemstitched voile, as well as the entire dress lengths of hemstitching. Shops are doing everything possible to encourage the home-dressmaker and one can buy semi-made frocks which only require the sewing of the side seams in the piece goods department. Last week one of the largest department stores in New York displayed a counter of semi-made frocks of cotton crepe in a wide assortment of colors with skirt borders printed in contrasting color scheme in floral designs. Neckline were outlined in colored designs which corresponded with the skirt borders. These frocks or rather semi-frocks, were featured at \$5 each, which is very little higher than the cost of the material which is sold by the yard. There were various sizes with blue marking at the sides to show the amateur where the seams should be joined together. Sewing the side seams, turning the hem and finishing the neck and sleeves complete the gown which would doubtless be sold in the ready-made department of the same shop for fifteen or twenty dollars.

## A Gown For \$3.00

Printed silk mulls are also lovely for summery wear, as they look silky and do not crush easily and do for semi-dressy occasions. This material can be purchased in almost any color and design for around 75 cents a yard, making the entire frock cost \$3.00, if made at home.

Summer wash silk is another good fabric for warm months. Wash gingham are particularly good looking and were worn last winter at the resorts by some of the smartly gowned women. Nothing looks cooler or more crisp than gingham, although the cotton gingham is liable to be far from cool. Though silk wash gingham is somewhat higher in price than cotton gingham of the better variety, it pays to buy it as a silk gingham frock can be worn for occasions where the cotton frock would be deemed out of place. Cotton gingham is distinctly a morning material.

For summer evening wear, chiffons and tulles will undoubtedly be the materials most popular. Young women are already wearing them at the dancing places. The preference for all white is strong. The white gown which is typical of the mode is made of white chiffon in straight, chemise line with the below-the-knee flounce, the flounce being bordered in a narrow band of iridescent beads or studded throughout with tiny pearls or rhinestones. The all-over beaded frock of white is also with us in spite of its previous popularity. These heavily beaded models still adhere to the low, elastic waistband.

## Clara Lutheran Church

The ladies aid of Clara Lutheran church meets tomorrow (Thursday) at 2:30 P. M. at the home of Mrs. Burklund south of town. All are requested to meet at the church at 2 o'clock. All who have cars are asked to meet at the church to bring the ladies to and from the meeting. All favors will be appreciated.

John Paul Kruger

John Paul Kruger, non-functional manager, N. W. Bell Telephone Co., Moose Lake, Minn., was a Vail medal winner for 1923, awarded for initiative and intelligent use of first aid in saving human life. On August 13, 1923, two men came in contact with high power wires while painting a trestle at Moose Lake, and were hurled to the ground unconscious. Mr. Kruger learned of the accident and hurried to their aid, climbed through a freight train in motion, and by applying expert first aid treatment succeeded in saving the life of one.

## 6 BOTTLES OF TANLAC MATCH FOR TROUBLES

## Popular Conductor Says It Ended Ten Years Suffering.

"Six bottles of Tanlac ended my ten years of indigestion and left me feeling like a man made over," recently declared C. H. Hurlbert, 333 Franklin Ave., Sioux Falls, S. D., popular freight conductor on the C. St. P. M. & O. Railroad.

"My stomach troubled me continually and got so bad I came near having an operation. Practically everything I ate—which was little enough—just added that much more to the gassy, bloated condition my stomach

was always in, and to keep railroad-ing with that constant pain and feeling as run-down and miserable as I felt was no easy task.

"But since taking Tanlac, I eat everything, my stomach is sound, healthy and normal, my food digests 100 per cent and feel fine and fit. There's no two ways about it, Tanlac is certainly the right treatment for stomach trouble."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

John Paul Kruger

John Paul Kruger, non-functional manager, N. W. Bell Telephone Co., Moose Lake, Minn., was a Vail medal winner for 1923, awarded for initiative and intelligent use of first aid in saving human life. On August 13, 1923, two men came in contact with high power wires while painting a trestle at Moose Lake, and were hurled to the ground unconscious. Mr. Kruger learned of the accident and hurried to their aid, climbed through a freight train in motion, and by applying expert first aid treatment succeeded in saving the life of one.

## 6 BOTTLES OF TANLAC MATCH FOR TROUBLES

Popular Conductor Says It Ended Ten Years Suffering.

"Six bottles of Tanlac ended my ten years of indigestion and left me feeling like a man made over," recently declared C. H. Hurlbert, 333 Franklin Ave., Sioux Falls, S. D., popular freight conductor on the C. St. P. M. & O. Railroad.

"My stomach troubled me continually and got so bad I came near having an operation. Practically everything I ate—which was little enough—just added that much more to the gassy, bloated condition my stomach

was always in, and to keep railroading with that constant pain and feeling as run-down and miserable as I felt was no easy task.

"But since taking Tanlac, I eat everything, my stomach is sound, healthy and normal, my food digests 100 per cent and feel fine and fit. There's no two ways about it, Tanlac is certainly the right treatment for stomach trouble."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tanlac Vegetable Pills for constipation, made and recommended by the manufacturers of TANLAC.

## THE VAIL MEDAL PLAN

IN connection with the recent Theodore N. Vail bronze medal awards, it may be interesting to know about the plan under which the awards are made. Briefly the plan is as follows:

One of the finest traditions in the telephone business is the high type of loyalty and devotion of telephone employees. Hardly a day passes but that some telephone employee demonstrates this devotion in the highest ideals of duty and obligation. And it is partly due to this effort to give telephone service at all times and under all conditions that makes the telephone service of the United States the most reliable in the world.

Many of these determined efforts to give telephone service under great handicaps have been so inspiring and so noteworthy as to deserve some token of recognition more lasting than the congratulations of associates and friends.

Such a type of public service was the ideal of the late Theodore N. Vail, pioneer president of the American Telephone and Telegraph Company. Mr. Vail spent his boyhood on a farm near Waterloo, Iowa, and later became a railroad telegrapher working at Lodgepole and Omaha, Neb. At Omaha he entered the railway mail service and became so proficient that he was selected to go to Washington to take charge of the railway mail service for the United States. While there, he became interested in the telephone industry which was still in its infancy, and it was largely through his efforts that the splendid telephone organization in the United States was built.

Mr. Vail was always deeply moved by stories of devoted service on the part of telephone people. After Mr. Vail's death on April 20, 1920, his widow and friends wanted to establish a lasting memorial to him. And with the thought of perpetuating his high ideals of public service the Theodore N. Vail Memorial Fund was established. To this fund, Mrs. Vail was a generous contributor. From this fund, Vail medals are awarded each year to telephone employees who perform outstanding and noteworthy acts of public service.

Bronze medals are awarded each year by each Associated Company of the Bell System, such as the Northwestern Bell Telephone Company. All heroic or noteworthy acts performed by telephone employees within the territory of the Associated Company are considered by the Committee of Awards of the Associated Company. Each Associated Company reports its cases that have been awarded bronze medals to the National Committee of Awards, which meets at New York and awards silver and gold medals to the most outstanding cases in the nation. With each silver medal goes \$250, and with each gold medal \$500 and \$1,000 in exceptional cases. The total number of gold and silver medal awards made each year seldom exceeds ten. The National Committee of Awards usually reports its findings about November 15.

## HAD ITS 24TH BIRTHDAY

UNOSTENTATIOUSLY, and performed by the dexterous twist of the linotype upstairs, the Brainerd Daily Dispatch ran a date line, "Volume 24, Number 1," showing it was 24 years old yesterday. Almost a quarter of a century the Daily has been recording the news of the city and performing its part in the civic uplift of the community.

The Daily started when the Weekly Dispatch was 19 years old and so both have passed the youngster stage and have entered vigorous adult life. Several dailies have been started and thrived for a while in Brainerd, the most pretentious being that of C. F. Kindred. All have existed for a period and then ceased publication.

The Daily Dispatch has pursued a steady course, and with the cooperation of its advertisers will continue an eight page paper, adding new features when occasion warrants.

## ALL THE WORLD LOVES CHILDREN

ALL the world loves the kiddies and this was exemplified in Atlantic City, resort of the millionaires of the nation, which found time to stage a marble contest. Thomas Wright of Springfield, Mass., and Carl McCallum of Dallas, Texas, led the field of marble shooters at the close of play yesterday with the only perfect scores in the national tournament. Each survived the second series of matches with 1,000, McCallum having won six straight and Wright five games straight.

## NORTHERN ROADS EFFICIENT

NORTHWESTERN railroads are most efficiently conducted, being on a better basis than at any other time since the war period. This is indicated by the statements of the Northern Pacific, Great Western and Great Northern railways recently made public. Operation costs have been cut decidedly on these roads, despite the fact that the gross operating revenue is lower than for the same period last year.

## ONE FAVORS AND ONE SHUNS PACIFISM

THE recent Methodist national conference had a decided under current for pacifism at all odds. But a pacifist resolution introduced by F. B. Fageberg, of Springfield, Mass., met a different fate in the Northern Baptist convention held in Milwaukee, where it was overwhelmingly defeated.

ONCE in a while even the gravest of trial judges indulges in a little levity. Witness the recent case of Everitt vs. Everitt, wherein Justice Crosby is quoted as saying: "The only semblance of proper family relations was the fact that they lived in the same house and occasionally came together in verbal or fistic combat."

THEIR names saved them. When the state of Illinois asked the state of Minnesota to extradite Mrs. Vasiliki Husonhakopoulos and Peter Alexopoulos, Governor Preus refused to honor the requisition.

## WAYS OF TELLING LOVE'S OLD STORY

## Different Nations Cling to Time-Honored Customs.

Love's old story repeats itself in every clime, and weddings in other parts of the world differ from the American ceremony only in details of costumes and local customs. The tender emotions that fill the heart of a bride when she stands before the altar are the same, whether the ceremony be celebrated in China or Chicago. And Easter is a popular time for weddings the world around, the same as June.

In rural parts of Germany, instead of the conventional engraved wedding invitation, a professional messenger is employed to invite guests to the wedding. As his tale figure passes through the streets, there is an air of eager expectancy among the villagers, for it is not known to whom the magic words of invitation may come, says the San Antonio Express. The messenger announces his mission in loud, sonorous tones, then proceeds to the next house on his list.

When a young man in Austria feels matrimonially inclined, he presents the girl of his choice a bunch of flowers as she comes from church on Sunday morning. If she accepts the floral tribute he calls at her home a few days later and the budding romance proceeds to its customary culmination.

In Saxony the groom, his best man and the ushers wear, instead of the conventional black suit, a long kimono-like garment trimmed with lace and ruffles, with bunches of flowers in the hands of their broad-brimmed hats. The bride carries a linen handkerchief which is sometimes as large as a small tablecloth. The size of the kerchief indicates the wealth of the bride's parents.

In Slav weddings the bridegroom catches the bride from the home of her parents, a custom emblematic of the practice of his forebears who carried their mates away forcibly. At Albanian weddings it is correct for the bride to weep and show great reluctance in leaving home. The bridegroom must present his betrothed with a handsome dress for the marriage, no matter how poor he may be.

Of all oriental marriage ceremonies, those of Japan in the month when the cherry trees are in full blossom are the most beautiful. After making the momentous decision to accept each other "for better, for worse," the young couple consult the soothsayers to determine on what day they should wed to insure good fortune throughout their married life. The ceremony is usually performed in the afternoon, and at sunset the bride enters her "room," or carrying hammock, and sets out for her new home. She is followed by gift-bearers who display the wedding presents to spectators along the streets.

The "ceremony of the bath" is a quaint feature of the Egyptian wedding. On her wedding morning the young bride-to-be, accompanied by her girl friends and several musicians, sets out for the public bath, riding on a camel. Above her head is a canopy of bright-colored silk, topped with bunches of palm leaves. After the bride and her friends have bathed together, they are entertained by flute players, singers and story tellers.

## Tit-Bits

A cinema director who had been turning a Riviera film was praising at the Lamb's club the food of southern France.

"You even found the French snails good, eh?" said a tea importer. "But I wonder how some of the delicacies I have seen in China would strike you—delicacies such as water-lily roots, birds' nests, ducks' gizzards, bean macaroni, eggs that have been ripened for years like cheese, tinned earthworms, marmalade made from roses, dog steaks, dried and preserved oysters."

"All I can say," replied the cinema director, "is that if I ever go to China to turn a film you may be sure I'll never try the tinned earthworms or the dog beefsteaks."

## The Long Bow

"Some of the ridiculous and transparent inventions circulated by publicity agents about their celebrated or would-be celebrated employees," said Mayor Kendrick of Philadelphia, "overshoot the mark. Like the two Texans who were bragging about their brothers."

"My brother," said the first Texan, "once went to a billiard saloon, picked up a ball in his right hand and another in his left, and the result was powder."

"Well, that's nothing," said the second Texan. "My brother once went to a bull fight, and he took a bull in the left hand and another in the right; he squeezed them; result—bottle of meat extract."

## Scientific Photos

From a seat suspended 50 feet above the ground, an osteologist of the American Museum of Natural History recently took photographs of a trotting horse speeding below. In this way he obtained accurate records of the motion of the spine and muscles in action. These records are being used in mounting the bones of Lee Axtworthy, the champion trotting stallion of the world, so as to show him in the act with which he made his record of 1:58 1/4. Trotting was bred in the bones of Lee Axtworthy down on a Kentucky stock farm, and now his bones will add to his fame by completing the most scientific exhibit of horses' bones ever mounted.

## Beaumonts' Life Saved by STO-LI-GAL

Brainerd, Minn. I thank God daily for STO-LI-GAL, which surely saved my life. I tried various medicines which failed, and the doctors gave me up but said an operation may help. I had prepared to die, when Mr. Brockman, formerly at Brainerd, told me to take STO-LI-GAL, claiming it did wonders for him, so I made a 1 box purchase at Johnson's Pharmacy and believe me after taking the fourth box I obtained wonderful results and after taking the 15 boxes I was entirely relieved of over two years of terrible suffering, and pains in stomach and back, no more gassy, sour, bloated stomach. I eat all foods, sleep well, no constipation. In fact, I feel tip top and work like a trooper. I advise all stomach sufferers to take STO-LI-GAL and if you follow directions you will benefit as I have. I will gladly give personal STO-LI-GAL information to all sufferers, and as well answer all correspondence. Signed A. J. Beaumont, 1007 Kenwood St. STO-LI-GAL usually gives relief in attacks of stomach trouble, gall stones, chronic appendicitis, ulcers, indigestion, dyspepsia, torpid, lazy liver, gassy, sour bloated stomach, pains in stomach and back, dizziness, yellow jaundice, shortage of breath, headaches, habitual constipation, etc. Sold by druggists everywhere, and also sent on receipt of \$1.00 by Digestive Chemical Co., St. Paul, Minn. Circular on STO-LI-GAL will be sent by writing above company. Sold at Brainerd, Minn., by Johnson's Pharmacy and Dunn's Pharmacy.

## Beaumont's Life Saved by STO-LI-GAL

Brainerd, Minn. I thank God daily for STO-LI-GAL which surely saved my life. I tried various medicines which failed, and the doctors gave me up but said an operation may help. I had prepared to die, when Mr. Brockman, formerly at Brainerd, told me to take STO-LI-GAL, claiming it did wonders for him, so I made a box purchase at Johnson's Pharmacy and believe me after taking the fourth box I obtained wonderful results and after taking the 15 boxes I was entirely relieved of over two years of terrible suffering, and pains in stomach and back, no more gassy, sour, bloated stomach. I eat all foods, sleep well, no constipation. In fact, I feel tip top and work like a trooper. I advise all stomach sufferers to take STO-LI-GAL and if you follow directions you will benefit as I have. I will gladly give personal STO-LI-GAL information to all sufferers, and as well answer all correspondence. Signed A. J. Beaumont, 1007 Kenwood St. STO-LI-GAL usually gives relief in attacks of stomach trouble, gall stones, chronic appendicitis, ulcers, indigestion, dyspepsia, torpid, lazy liver, gassy, bloated stomach, pains in stomach and back, dizziness, yellow jaundice, shortage of breath, headaches, habitual constipation, etc. Sold by druggists everywhere, and also sent on receipt of \$1.00 by Digestive Chemical Co., St. Paul, Minn. Circular on STO-LI-GAL will be sent by writing above company. Sold at Brainerd, Minn., by Johnson's Pharmacy and Dunn's Pharmacy.

## WOMEN URGING "GET OUT THE VOTE"

Flying Wedge of Speakers to be Here on Thursday Evening

AT Y. M. C. A. BUILDING

Open Air Meeting if the Weather is at All Propitious  
(Contributed)

Believing that the disease of the ballot by the masses leads to its abuse by the classes, and will eventually change a democracy into an oligarchy, the League of Women Voters is making an herculean effort to increase the vote.

At the last election, only fifty-two percent of the voters registered their opinions at the polls. The ambition of the League is to increase this to 75 percent in the coming primary election.

In order to arouse the people to the importance of voting, "flying wedges" of autos containing speakers are being sent throughout the various congressional districts. One such company of speakers will arrive in Brainerd Thursday evening, and will speak from the steps of the Y. M. C. A. building, if weather permits. If not, as many as can be accommodated will go inside, and, if need be, an overflow meeting will be arranged. The boys band will play at the meeting, and escort the crowd to an over-flow meeting, if weather conditions are unfavorable to an open air meeting.

The speakers will be Mrs. Harceaves, who has been enlisting "Get Out the Vote" squads among college girls; Miss Mary Warren, state organizer of "Get Out the Vote" clubs, and the executive secretary of the League in Missouri; Miss Marian Keith, who is here to "be shown" how Minnesota women get out the vote. Let us show her that Brainerd women can at least get out an audience.

Remember the time, the place and the importance of the subject, time, eight P. M.; place, Y. M. C. A. steps; subject, "Why Should I Vote?"

### Quite Satisfactory

There is an elderly artist in Washington who appreciates the millinery, the Kansas City Star reports. His young married daughter, however, was practicing domestic economy when a hat, a beautiful affair, arrived for little Marie from her devoted grandfather, whose eye had surrendered to this bit of baby apparel the moment he saw it in a department store.

"That hat is too extravagant for this family," remarked the young mother. "I'll take it back and see what I can do."

A few days later the grandfather called to see the baby in the new hat.

"Do let me see how she looks in it," he said. "And how did you like it?"

"Very much, father, thank you. They gave me two hats, two dresses, a sweater and 49 cents in change for it."

### His "Office Clothes"

Old Aunt Sarah was that rare creation, a perfect laundress, and the Smith family rejoiced in her, with the exception of Mr. Smith, who said that he did not approve of Auntie starching his pajamas. So Mrs. Smith promised that auntie should be spoken to in the matter.

"Auntie," she began, diplomatically, "you need not be so very particular about Mr. Smith's pajamas; don't starch them at all; just iron them out smoothly."

Aunt Sarah looked at Mrs. Smith reprovingly. "I don't begrudge him the work, missis. I want Mr. Smith's of fine clothes to look just as well as I kin make 'em."—Kansas City Star.

The great agitation over SELF-POISONING is sweeping the country. The menace is great. It is one that should cause every man, woman and child to pause and consider one's own condition. Self-Poisoning, as it is called, is the direct result of allowing the liver, the body's filter, to become sluggish and clogged. This is why many wake up feeling dull and tired—tongue coated—bad taste in mouth and offensive breath.

prison garb, discarding his \$200 suit. He amused himself during a recreation period by teaching a colored boy prisoner the alphabet.

**Striking Difference Between the Boys**  
A striking difference between the two boys was exhibited at meal time. Both boys had their meals sent from their millionaire homes.

Leopold, occupying cell 604 together with Thomas Doherty, robber, ate his meal in silence, hardly speaking to his cellmate and sitting on the opposite side of the cell.

Loeb graciously invited his cellmate, Edward Donker, also a robber, to share his meal. The two sat side by side on the edge of the cot and ate heartily, conversing freely and easily.

Presentation of the evidence to the grand jury will be resumed this afternoon. State's Attorney Crowe indicated he would take his time, calling as many witnesses as possible, and predicted it would be several days before any indictment would be returned.

Jacob Franks, father of the slain youth, was one of the most important witnesses called at the first session of the grand jury. He told of the last time he saw his son alive and of receiving the "ransom letter" demanding payment of \$10,000.

Franks expressed the hope that Leopold and Loeb would be hanged. He said he would be glad to spring the trap himself.

"I realize, of course, that the death of these youths cannot bring back my son to life," he said, "but my duty is to other parents with sons. Society is not safe as long as that kind are alive. Even if they are adjudged insane, I think they should be hanged just the same."

### Positive Evidence Needed

Chicago, June 4.—The state in its attempt to hang Nathan Leopold and Richard Loeb for the murder of Robert Franks must depend on positive evidence of the crime, Clarence Darrow, chief attorney for the defense of the two boys, told the United Press today.

Darrow, who heads the \$15,000, 000 legal staff retained by the parents of Leopold and Loeb, said he was "interested" in the statement made by Robert E. Crowe, state's attorney, admitting the state had no signed confession of the murder.

Darrow declared his belief that the

state's attorney might "spring some surprise" on them yet. Darrow indicated that if it were true that no signed confession is in the hands of the prosecution, the defense would be strengthened considerably.

In admitting that Leopold and Loeb never signed admission of the crime, Crowe said stenographers who took notes on the boys' statements would testify for the state, thus taking the place of a signed confession.

"A confession as an instrument in itself means nothing in any way," Crowe said. "It might very easily be thrown out by a trial judge. It is in witnesses to incriminating statements made by the boys that the state places its chief reliance," Crowe said. He said he would summon all witnesses possible before the grand jury, disregarding the usual customs of holding back surprise witnesses for the actual trial.

"We are going to get together all the evidence possible now," he said. "If any witnesses refuse to testify at the trial, we will have the record of his testimony before the grand jury to take its place. If any witnesses change their stories when the trial gets under way we will prosecute the witnesses for perjury."

### "I SHOULD GIVE A DAMN,"

WAS LEOPOLD'S ATTITUDE

Martinez, Calif., June 4.—"I should give a damn,"

That is the opinion of Mrs. Pauline Van Den Botsch, former governess of Nathan Leopold, Jr., self-confessed slayer of young Robert Franks in Chicago, sums up the brilliant university student's attitude toward life.

"I remember one afternoon when he shot at a bird and narrowly missed a nurse on the lawn of a nearby home. I upbraided him for his carelessness."

"I should give a damn," he replied. "As a young boy he had a mania for collecting birds for a little museum which he kept at his home."

"The death of an animal or bird never seemed to have any effect on him, except to make him curious. He had no feeling for them."

"Go to hell," he told them when they reproved them.

"But I still love him," Mrs. Van Den Botsch said, with motherly perseverance. "He was brilliant. I love him as I would my own child. I hope they reproved him."

## SNAKES EAT FISH IN LOPEZ CANYON

(By United Press)

San Luis Obispo, Calif., June 4.—Water snakes have made trout fishing in this section almost useless, local anglers say.

The fish, especially the trout in the streams in Lopez canyon, are so scared by the exceptionally large number of water snakes that they will not bite and hundreds are being destroyed daily by the reptiles. Fishermen report that in several instances fish have been snatched off their hooks by snakes.

The unusual condition is due to a forest fire that swept Lopez canyon last year and that killed most of the native water variety. The fire also killed the field mice, gophers and other small animals which the water snakes generally feed on, forcing them to turn to the trout streams for food.

## "U" LAND CLEARING TRAIN COMING SOON

16 DEMONSTRATIONS WILL BE  
GIVEN IN 13 NORTHERN  
COUNTIES

University land clearing experts will be in charge of a land clearing, crops and livestock feeding demonstration train which will be run in 13 northern Minnesota counties between June 8 and July 3. Sixteen demonstrations will be given in the 13 counties, according to the following schedule:

Kanabec county, Quamba, June 9.  
Pine county, Askov, June 10.  
So. St. Louis county, Twig, June 12.  
No. St. Louis county, Perry, June 13.  
Koochiching county, Ray, June 14.  
Itasca county, Jesse Lake, June 16.  
Cass county, Cass Lake, June 17.  
Wadena county, Menasha, June 18.  
Clearwater county, Bagley, June 20.  
Beltrami county, Nebish, June 21.  
Koochiching county, Mizpah, June 23.  
Hubbard county, LaPorte, June 25.  
Cass county, Backus, June 26.  
Crow Wing county, Crosby, June 28.  
Carlton county, Kettle River, June 30.  
Mille Lacs county, Isle, July 2.

Three major railroad companies—the Northern Pacific, Great Northern and Soo Line—will co-operate by furnishing the cars and hauling them free of charge. The Duluth, Winnipeg & Pacific, the Minneapolis & Rainy River, and the Minneapolis, Red Lake and Manitoba will also co-operate by providing free transportation on their lines. A. J. Schwantes of the university will be in charge of field operations at the different demonstration points. The university men will demonstrate the use of war salvaged explosives, including the new material which is to take the place of sodalite, if it can be made ready at the time. The train will be composed of seven cars and will leave St. Paul for the north over the Great Northern road on Sunday, June 8. There will be three flat cars, a box car, baggage car, day coach and sleeper. It will be more than a land clearing train—it will have an exhibit car and facilities for evening meetings at the different points. University specialists will use the day coach to discuss modern land clearing methods and the best practices in livestock feeding. Moving pictures, illustrating the talks, will be shown.

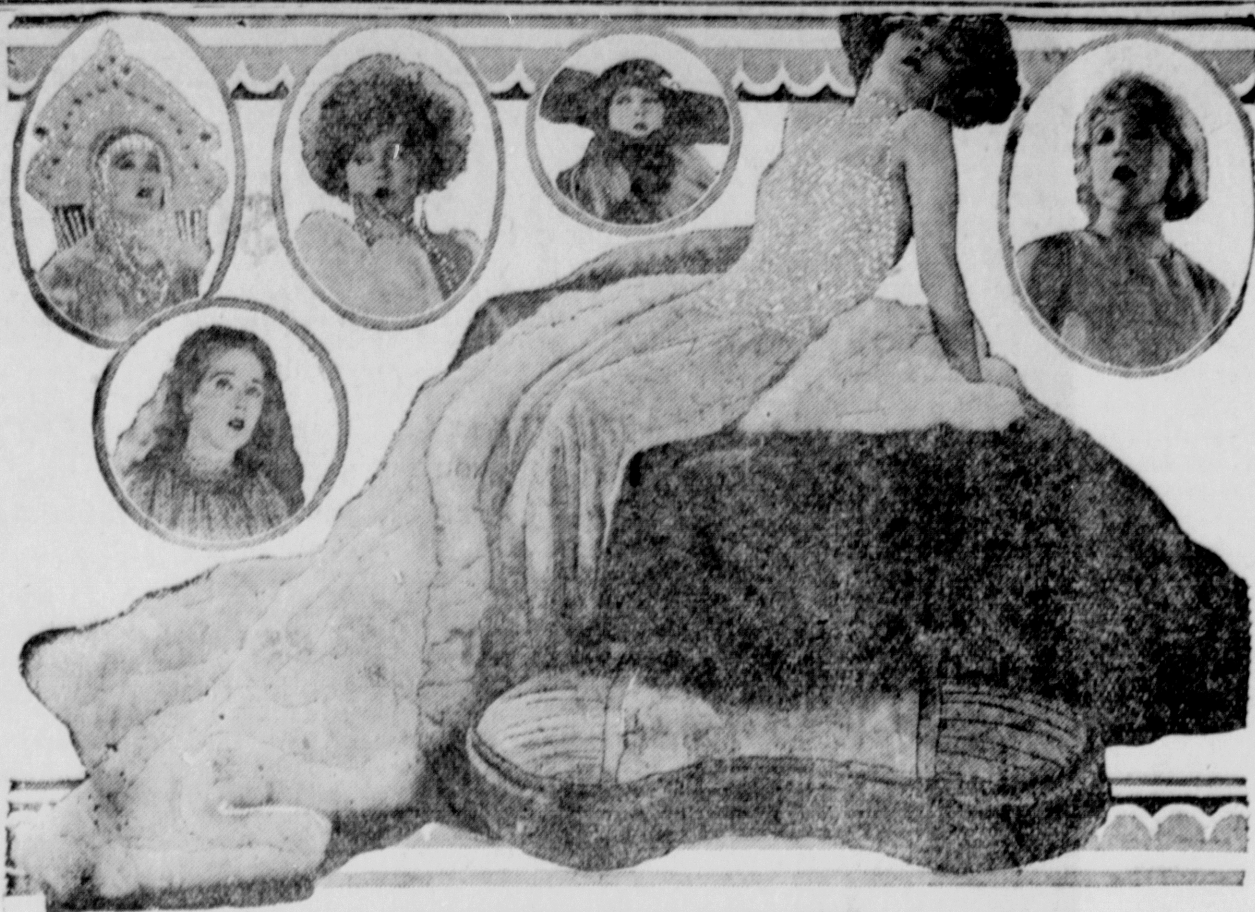

A baggage car will be used for exhibits featuring the development of cutover farms, crops, livestock improvement and buildings. Charts and bulletins with full explanation of costs of breaking land and stone and stump removal will feature the development exhibit. The crop exhibit will show the varieties best suited to the type of farming in the north, cutover land rotations, silage and root crops, forest crops, grass seed mixtures, etc. Specialists from the extension division will emphasize the growing of alfalfa hay on which to base a home grown ration for dairy cattle. The actual rations and charts defining the cost will be exhibited and figures will be given to show what the rations may be expected to produce. The farm buildings section of the university will show models of home made silos and root cellars and drawings of the farmstead as it is desired to have it appear at the end of the first year, the first decade, and the second decade.

Manufacturers of tractors and land clearing machinery will co-operate with the university by furnishing equipment for use in conquering wild land. Among these co-operators will be: Ford Motor company, two tractors; Oliver Plow company, breaking plow and disc; Deere & Webber company, tractor and breaking plow; J. I. Case Threshing Machine company, tractor and breaking plow; Schurmeier-Whitney company, stump puller attachment for a tractor; Crookston Manufacturing company, brush mower; Roller Harrow & Manufacturing company, Duluth, roller harrow; DuPont Powder company, explosives, and Rock Island Plow company, lime spreader and grain drill.

### These Snakes Real

Henryetta, Okla., June 4.—Jack Hazelwood whistled gaily as he bumped along with a truck-load of pipe in the oil fields near here. Suddenly his whistle turned to a whoop and Jack left the truck to its fate as a man-sized rattlesnake crawled out of the end of the pipe between his feet. Investigation revealed four companions of the playful rattler, which had apparently been awakened from slumber by the jostling of the truck. All of the reptiles were over five feet long.

### "Backbone" Thrilling Story of Far North, at Lyceum

Edith Roberts  
in the Distinctive Picture  
"BACKBONE"  
Distributed by Goldwyn

"Backbone" is the type of picture for which there is an ever-growing demand—straight-from-the-shoulder drama, unspiced by false touches, powerful in story, intelligently directed and entertaining throughout. It is a fine vehicle for the screen debut of Lunt, who made himself famous overnight for his part in the Booth Tarkington comedy, "Clarence," and who combines ability to act with a tremendous amount of good looks—the kind of good looks that'll make the women want to come back and see him again.

In addition to Lunt the picture has, as the feminine lead, the dainty and beautiful Edith Roberts, who has been building up a retinue of admirers across the continent since she was thirteen years old.

### William Farnum Has Severe Test in His New Vehicle

### HUSBAND'S CABLE TO COME HOME MAKES HER FORGET ROYAL COMMAND TO SING

Mrs. Arthur J. Willson, prominent society woman, who had been spending the winter in Spain, was recently commanded to sing before King Alfonso and Queen Victoria at a reception tendered the Spanish royal couple by Alexander P. Moore, American ambassador to Spain. Just then Mrs. Willson received word from her husband to hurry home, so she hurriedly packed, forgot royalty and started for Philadelphia.

for two days, was obliged to duplicate a racy performance for a five hundred dollar bounty.

### 1350 Hours to Don His Makeup for 'Hunchback'

Thirteen hundred and fifty hours devoted to donning his make-up before the first performance, is the record of Lon Chaney, star of "The Hunchback of Notre Dame," which will be shown at the New Park on Saturday, Sunday, Monday and Tuesday at regular prices. The production was twelve solid months in the making and each day it took Chaney four and one-half hours to submerge his personality in that of "Quasimodo," the hunchback bell-ringer of Notre Dame. It was one of the most complicated pieces of make-up art ever attempted.

### May Be Hard Task to Teach Parrot to Talk

Parrots can be more obstinate than mules, but if you are a determined instructor and not easily discouraged excellent results will follow.

Remember that the best talker is not the one with the gayest plumage but the gray parrot found principally on the west coast of Africa.

If the parrot is to become a talker he will, in the first three or four days, begin to make confused and indistinct efforts to copy your remark. When ever he does this reward him with a taste of his favorite delicacy, as this will induce further efforts.

In a few weeks the parrot should be able to exclaim "good day" or repeat any remark you have taught him whenever he sees any one enter or leave.

Other appropriate phrases can be taught in the same manner, such as the useful remark, "Time to be going," by uttering the phrase as you look at your watch. It is always wise to teach each sentence separately, never starting a new one until the previous one has been mastered.

In three or four months your parrot should be a speaker of some pretensions. If, however, at the end of this time he has shown no sign of profiting by your lessons be assured he never will. The most to expect is that he may one day make a good whistler.

### English Designs on Playing Card Faces

While we are indebted to the French for the modern suits and colors of our playing cards, the designs of the face cards are English. The French changed the portraits in their decks from time to time to honor first one, then another royal family, and always printed the name of the honored one beside his portrait. The English also made changes, but eventually settled on King Henry VIII, and Elizabeth of York, his mother and the wife of Henry VII, says the Detroit News.

## TELEPHONE GROWTH EXCEEDS POPULATION INCREASE

SO important a part does the telephone play in the daily affairs of men, that telephones increase much faster than the population.

The hundreds of thousands of new subscribers added to the Bell System annually, require many millions of dollars for switchboards, poles, wire, telephones and other supplies and equipment.

In order to obtain the necessary money from investors to build new plant, it is essential that we have the respect and confidence of the public and be able to pay expenses and earn a fair rate of return on the value of our property.

As a telephone exchange grows, the cost per telephone of providing service is greater, but the value of the service to each telephone user is also greater.

# COUNTY ATTORNEY'S REPORT FOR 1923

Activities of Sheriff and County Attorney Produce Revenue for the County

## MANY CONVICTIONS SECURED

During 3 Court Terms Only One Grand Jury Drawn, Saving County Considerable Expense

An examination of the county attorney's report for 1923, the records of the clerk of the district court and county auditor's office discloses the fact that the activities of the sheriff and county attorney during the year 1923 and to June 1st, 1924, have produced considerable revenue to Crow Wing county.

The fines and costs in criminal cases alone, levied and actually paid into the county treasury were \$5,273.95 in 1923 and for the first five months of 1924, \$5,160.17, or a total of \$10,434.12 since January 1st, 1923, when the present county officials went into office.

During the year 1923 there were obtained in state cases prosecuted by County Attorney Walter F. Wieland in district, municipal and justice courts of the county, 126 convictions. In that year there were only six acquittals, two being in district and four in municipal court.

There were twenty-one convictions for violation of the liquor laws in district court and twenty-eight in municipal court in 1923, a total of 49 convictions in liquor cases. This does not include charges of drunkenness, but only with those engaged in the liquor traffic. During 1923 three persons were committed to the state's prison and six to the St. Cloud reformatory.

In 1923 there were seven criminal knowledge cases in which there were six convictions and one acquittal, and for the first five months of 1924 there were six criminal knowledge cases with six convictions.

During the three terms of district court since January 1st, 1923, County Attorney Wieland has found it necessary to have only one session of the grand jury, which fact has resulted in a considerable saving to Crow Wing county.

The report and the facts given above do not include matters of a criminal nature involved in juvenile delinquency or cases of neglected or dependent children, insanity and feeble-mindedness, all of which have required considerable attention from the county attorney and the sheriff.

The 1923 legislature enacted a law which provides that one-half of all fines levied in liquor cases shall be set aside by the county treasurer in a special fund to be known as the "Law Enforcement Fund," which money is paid out at the discretion of the sheriff on orders approved and countersigned by the district judge, and is used solely for the purpose of enforcing the laws relating to intoxicating liquor. It is by reason of this fund that the sheriff is enabled to employ special deputies to assist in searches and to otherwise obtain evidence of liquor law violations.

The explanation of this law is of interest to all citizens of the county, since it clears up an erroneous impression in the minds of many that the cost of searching out and apprehending liquor law violators was taken from funds obtained by taxation, instead of from fines received in liquor convictions as is the case.

The figures quoted above are of much interest to the taxpayers of the county, because they show clearly that the county attorney has produced considerable revenue to the county as well as securing a conviction in nearly every case that he has tried, an enviable record for the first one and a half years of his tenure of office.

### Paulson-Ladwig

Andrew Paulson and Miss Sophie Ladwig were united in marriage on Tuesday afternoon at 2 o'clock in the Norwegian-Danish Lutheran church. Rev. O. L. Bolstad officiating. Miss Ida Peterson played the wedding march and the ladies choir of the church sang several numbers.

The couple was attended by Mr. and Miss Hazel Paulson, sister of the groom, and Lawrence Paulson, her cousin.

The bride is the daughter of Mr. and Mrs. William Ladwig, of Cudahy, Wisconsin.

The groom is the son of Mr. and Mrs. Severi Paulson, of Long Lake township. He was employed for a number of years at the Brainerd shops, and for the past two years with the Newport Chemical Co., of Milwaukee, Wis., where the newlyweds will make their future home.

## GASOLINE PRICE TUMBLES IN CITY

Gasoline prices in Brainerd took a tumble today and toboogganed 3 cents a gallon when the Auto Sales company announced a change from 21.8 cents a gallon to 18.8 cents for their "Fyredrop" brand.

The Auto Sales company serves the Rosko Brothers garage, the Sherlund company and the Ingrun Auto company.

## DISTRICT COURT PROCEEDINGS

Case of Minnesota Power & Light Co. vs George Fleischacker et al is Heard

BY JUDGE MCCLANAHAN

Company. By Right of Eminent Domain, Wishes to Build Transmission Line Over Farms

In district court Tuesday afternoon, before Judge W. S. McClanahan the case of the Minnesota Power and Light Company against George Fleischacker and sixty other respondents was heard.

This was in reality a hearing on the petition of the plaintiff, seeking to be condemned and acquired the right, privilege and easement, under the power of eminent domain, to construct and maintain an electric transmission line, with the necessary poles, cross arms, braces, and other appurtenances, across the lands of the respondents, together with the right to enter upon such premises as may be necessary in constructing, repairing and maintaining transmission lines, to the extent of a strip not exceeding fifty feet in width, twenty-five feet on either side of a center line.

The court found that the Minnesota Power and Light Company is a corporation, duly organized under the laws of the state, and having eminent domain under these laws, and that it has the right and power to acquire property for its use and benefit.

It was ordered by the court that the petitioner, upon payment to the respondents or others found entitled thereto, due compensation for the damages sustained by the owners for the right, privilege and easement, as may be ascertained by commissioners appointed, shall have and acquire the rights privileges and easements asked in the petition. On motion of the petitioner the case against several of the respondents was dropped.

The court appointed J. R. Smith, J. H. Krekelberg and A. Frank Anderson as commissioners to ascertain and report the amount of damages that will be sustained by the several owners on account of the taking by the petitioner of the rights and easements allowed them in the findings.

### A TALK WITH A BRAINERD MAN

Mr. J. L. Rush, Carpenter, of 726 4th Ave., Tells His Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Brainerd man:

"My kidneys were giving me some trouble and the pain and misery I was in was intense," says Mr. Rush. "When I laid down I was bothered quite a bit and I could get little rest. My kidneys bothered me at night and mornings I was stiff and sore across the small of my back. I had a steady, dull ache across my kidneys day and night. My kidneys acted frequently and the secretions were highly colored. I started using Doan's Pills and they relieved me so I could get back to work again, feeling as well as ever."

## WILLS WINS BIG VICTORY IN ENGLAND

By HENRY L. FARRELL  
United Press Sports Editor

New York, June 4.—Interesting competition, spectacular contests and record-breaking performances are quite certain to be numerous during the track and field, swimming, rowing and boxing events at the Olympic games, but none of them promise to arouse the international interest that will follow the probable meeting of Miss Suzanne Lenglen, world's tennis champion, and Miss Helen Wills, the 18-year-old American champion.

The idol of the American court and the proud boast of her country already has scored one tremendous victory in Europe. "Our Helen," sidestepping the polite language of the game for adequate expression, knocked them dead when she arrived in England.

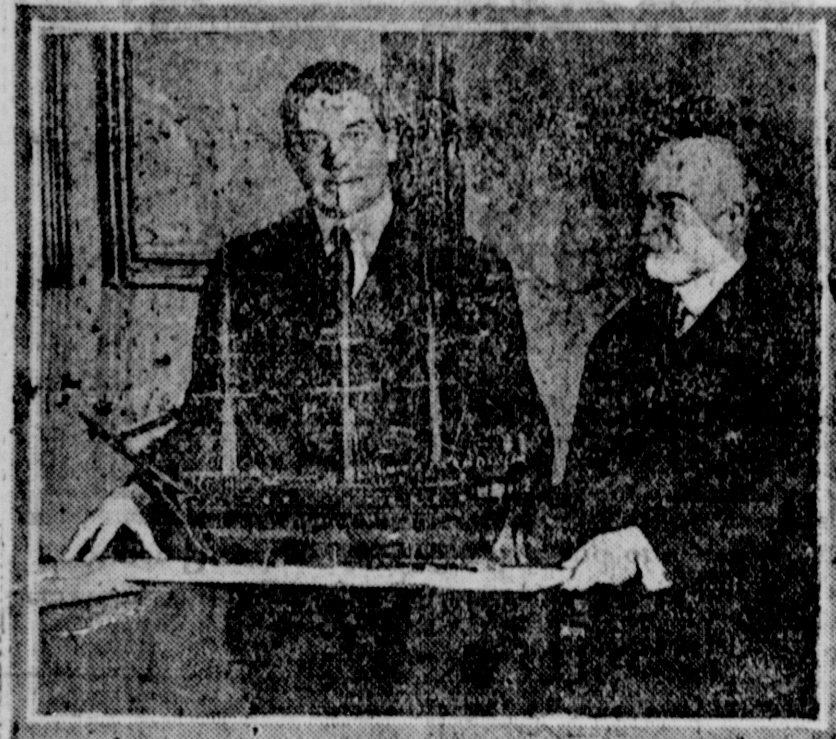

It had been predicted before the California girl sailed for her first trip across the Atlantic that her personal charm would win a place in the heart of the English, but no one realized that they would fall as madly in love with her as they did.

London newspapers remarked that it was not within memory when any foreign visitor so quickly and so completely captivated the affections of all who met her as did the charming American miss. American friends can picture the blush on the young champion's cheeks when she read that her pictures printed in England "did her beauty and her personal charm a grave injustice." American newspapers always have been generous in paying tribute to the modesty and ability of their champion, but they have not gone so far as to tell her how good looking she is.

While the primary purpose of her journey to Europe was to do her best in the Wimbledon matches and the Olympic championships, it is none the less important that she scored such a complete personal triumph. Col. Robert Thompson, president of the American Olympic Committee, said, during the early days of the organization of America's participation in the Paris games, that one of the principal purposes in entering a large number of teams was to "sell the United States to the world."

He pointed out that the United States was being misunderstood greatly in Europe since the war and that the athletes had a great chance to show on the field of sport that the United States did have some real ideals. He insisted that the American athletes should be gentlemen first and victors after, if possible.

## Secretary Wilbur and Admiral Eberle Compare Super-Dreadnought of To-day and of Days of '76

The Secretary of the Navy and Admiral Eberle, Chief of Naval Operations, are shown here inspecting models of Bonhomme Richard, the vessel with which John Paul Jones defeated the British man of war *Serapis* in the Revolutionary War, and of the super-dreadnought which is now the pride of the American navy.

## Story Tangle Has to Be Knotted in Hurry

If it had not been for the short story and its parallels in the other arts, there could be no question about the merits of this sort of orderly arrangement of facts, says Archibald MacLeish in the North American Review. But the short story made popular an entirely different model of display. The art of the short-story writer consisted in laying out something called the plot, which was a sort of intricate human tangle, and then magically unspooling the knot just before it choked the persons of the tale. The trick was to get the knot tied before any one saw how easily it could be undone. And that required a great many rapid gestures and a considerable amount of distracting noise in the first few sentences. So you had stories beginning with the echoes of a scream which had just been stifled to the left of the first paragraph. "My God!" gasped pretty little Nausicaa Nevers of *Pride's Crossing*, sitting up quite straight in her little bed. Plump—you're in it. What on earth made pretty little Nausicaa Nevers curse? And before you find out, or before you discover that you never will find out, the seeming tangle has been neatly caught and your fingers are working anxiously at the threads. Or you have stories which begin with a deliberate and brutal assault upon your intelligence. You read that "Lesbia was born upon a midnight bench in Madison square at the age of three-and-twenty." Well—really—you protest. And then you are in over your head.

## No Immediate Danger of Sun Becoming Old

The age of the sun has been fixed at something between 2,000,000,000 and 3,000,000,000 years, Prof. Walter Nernst, after researches, announced at a meeting in Berlin, says the *Detroit News*. The estimates are based

in part on the rate of decomposition of radioactive elements and in part on deductions from Einstein's theory of relativity concerning the relation between mass and energy.

Early estimates set the age of the sun as low as 10,000,000 years, but geologists showed this was too short to allow for the erosion and other changes observed in the crust of the earth since it became solid. The radioactive decomposition of uranium to lead is a more accurate cosmic clock, and this indicates that the solid crust of the earth has existed for at least one and one-half billion years. According to Nernst the sun, while getting past middle age, is still good for 100,000,000 years, after which a crust will form on its surface and life such as we know it will cease upon the earth.

## Dogs in Warfare

Egyptian paintings of 3,000 years ago depict the greyhound as not dissimilar to the hound of later years. The mosaics and sculptures of the Greeks and Romans show the dogs of antiquity to have been noble-looking animals. That they were also fierce would appear probable from a mosaic unearthed in ancient Pompeii, which shows a snarling watch dog in spiked collar, fastened with a chain. On the block of pavement appeared the familiar words "Cave canem." The Gauls made use of trained dogs in war. So did the Spaniards, in their early encounters with the Indians of the Americas.

## Not Much Change

"Some people say boys are different nowadays," said the old gentleman, "but I say no. They still risk their necks, and destroy private property, climbing as high as they can in any building under construction and carrying their initials in the wood. What do I mean, they haven't changed much? Well, I did the same thing when I was a kid."

## Good for Tender Feet

From London comes the report of a new invention that promises to add more than a gite to the comfort of humanity. It is a pedoscope Roentgen apparatus that shows the exact position of the bones and muscles of the foot when trying on new shoes. It is asserted that this device facilitates not only a perfect fit, but also the correction of foot deformities by suitable footwear.—The Living Age.

## Spider Catches Fish

Some spiders have been known to kill birds, and most of them can catch flies easily, but in South Africa there is a fish-eating spider that captures fish that are as much as four times its size and weight. The spider is known as the *Thalassius Spenceri*, and it is found near Natal. It measures about three inches across the legs.

Ask any good druggist for a jar of Rowles' Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Advt.

## Such popularity must be deserved

OLD records to break, new ones to make! Grilling tests of speed, stamina, power! And for the winner—popularity, hard-won and deserved.

So with everything else. To win popularity even a cigarette

must deserve it. Chesterfield, for example, has long been winning an average of over 1000 smokers a day.

One thing alone—Chesterfield's better taste—can account for such popularity.
